- + **A silent auction** including packages from Canadian music darlings Arcade Fire and Arkells, a golf getaway at Taboo Muskoka, signed sports memorabilia, and much more
- + **Dr. Joia Mukherjee**, Partners In Health's Chief Medical Officer and a passionate activist for social justice, will spend the evening celebrating with us!

***"There will be no equity without solidarity.  
There will be no justice without a social movement."***

—Dr. Joia Mukherjee

**Why Staying Power?** Because wherever Partners In Health works, we're there for keeps.

Partners In Health Canada turns five this year! Join us for an inspirational celebration you won't soon forget. Together—with all those who want to build a more just and equitable world—we've got the power to do so much more. We do whatever it takes to bring lifesaving care to the marginalized poor — because we take the right to universal health care seriously, and because the status quo is unsustainable for those we serve.
